SECTION 2, SUBJECT INDEX

This subject index follows the format of the National Library of Medicine's *Index Medicus.* Additional headings have been added.

Entries take this form: Volume and number, author, first page of article or section of article. For example, 6:2 Spencer (323) refers to D. J. Spencer's "Cannabis-Induced Psychosis," found in issue 2 of this volume on p. 323. From this section of the index, reference may be made to Section 1 for the full title and authors of a particular article.

All original contributions to the *International Journal of the Addictions,* Volume 6, are indexed. Book reviews, abstracts, and communications have not been included.
